PRESS RELEASE:

SAUSALITO POLICE DEPARTMENT OFFERS ON-LINE REPORTING

For immediate release:

6-1-18 0900 Hours
PR 1 On Line Reporting
Records Supervisor Natalie Poston
(415) 289-4170

The Sausalito Police Department is proud to announce it will be providing a new online police reporting option for the public. This web based reporting system will allow the public to file certain incident types of reports (Harassing Phone Calls, Identity Theft, Lost Property, Theft, Theft from Vehicles, Vandalism, Vehicle Tampering) over the internet at their convenience. The Sausalito Police Department expects this internet based reporting service to be very popular among people who would prefer to report low-level crimes to law enforcement immediately and conveniently online.

The service will allow the public to file a report at a time that is best for them without having to wait for an officer to respond or call them back. The reporting person will be able to print a temporary copy of the report upon submitting the report. The report will be reviewed by police supervisors and once approved the filing person will receive an email with a copy of the report attached without cost. The report will transfer into the Sausalito Police Department's records management system and receive the same investigation and statistical analysis as if the report had been filed by an officer.

This web based reporting option will allow officers more time to address community needs while keeping pace with the public expectation to complete services via the internet.

The Sausalito Police Department will be using the Desk Officer Online Reporting System from San Ramon, California based software company Coplogic, Inc (www.Coplogic.com).

The web based crime reporting service is available at <http://www.sausalito.gov/departments/police-department>.
